# RELOCATING TO DENMARK

Moving to a new country and culture and leaving your job, friends and familiar environment behind is a major transition which involves many challenges.

To assist international researchers relocating to Aarhus University, our relocation service offers personalised assistance to make this transition as smooth and successful as possible. We will assist you in all stages of the relocation process from initial recruitment to arrival and daily life in Denmark.

In this brochure, you will find an overview of the services we offer you and your accompanying family. We are here to help with issues large and small, from registration to housing and day care. Please have a look and do not hesitate to contact us with any questions you may have.

"International Academic Staff (IAS) at Aarhus University has assisted and helped us in several key aspects of our family relocation, from administrative support of any kind to housing service, partner support programme, enrollment of our kids in day care and school, as well as our participation to social activities and events, and many others.

**Domenico Zito**

Professor Engineering, Aarhus University
