“ENTREPRENEURSHIP IN AGRO BUSINESS PARK”
Agro Business Park is a science park and incubator – right next to AU Foulum – where researchers can get the support they need to transform their innovative ideas into a business. Agro Business Park can provide support for everything from fundraising and accounting to business development.
By/Project Manager, Louise Krogh Johnson

“WILDLIFE COMMUNICATION TECHNOLOGIES”
Kim Arild Steen has during his research at Aarhus University co-founded Wildlife Communication Technologies Aps. In the company they are transforming their research into business.
By/PhD student & entrepreneur, Kim Arild Steen

“A-KASSEN DANA”
Dana – for self-employed - is a state approved unemployment fund for entrepeneurs. Dana’s clients are business owners and we provide both the basic security net (a-kasse), network and seminars with knowledge and inspiration.
By/Consultant cand jur., Jesper Breindahl

“JA – THE ASSOCIATION OF GRADUATES IN AGRICULTURAL SCIENCE”
The Union JA is a place for people who like working with biology, agriculture, environment, climate and biotechnology. We believe that knowledge has to be used in reality and create solutions to benefit for society and nature.
By/Former chairman, Kirsten Holst Sørensen

Refreshments and snacks

The seminar will take place on Tuesday 26th November 2013, 14:00 – 16:00 at Agro Business Park, Niels Pedersens Alle 2, 8830 Tjele .
The seminar is an excellent chance to hear how you can start up your our company and also an opportunity to ask all the questions you may have in this connection.
Please note that the seminar is free of charge, but registration is necessary, so please sign up to Helle Karvonen, at hk@mb.au.dk no later than Friday 22th November 2013
